**Instructions for use:** Apply the rinse-free disinfectant gel on your hands in sufficient quantities and rub thoroughly into your hands. The special formula does not dry the skin and can, therefore, be used after each hand wash. The recommended dose is 3 ml. The product can also be used for the maintenance of objects of daily use. Store away from direct light and heat at 5–25 °C. Caution flammable. Do not use internally, only for external use. Not suitable for children under 3 years.

**Ingredients/INCI:** Alcohol denat., Aqua, Propylene Glycol, Glycerin, Acrylates/C10-30 Alkyl Acrylate Crosspolymer, Triethanolamine, Tocopheryl Acetate.
