# 10 mm wide logoband
850x10 mm

750x10 mm

Angle: (+ -) 100 degrees

INSTRUCTIONS:

1. Choose which style of logoband you want and delete the other band.
2. Choose which accessories you want and place them.
3. Delete unwanted accessories (all accessories shown will be produced.)
4. Set QTY and select if this is a Standard or Tube-woven band. See below in red.
5. Set the color of the band and also write the PMS color below.
6. Place the logo(s) in both the straight "band" above and the band to the left.
7. Write the PMS colors that are in the logo(s)
8. Delete this instruction and all objects and texts that are uneccessary to this order.
9. Convert all remaining text to curves (Create outlines).
10. Save the file as PDF.
